Better contact center calls

A high-performing headset is the foundation for a great contact center experience. EncorePro 700 Series features excellent noise canceling for accurate voice interactions and fewer repeats. So, both caller and agent feel heard and secure.

Empower your agents

Enjoy all-day comfort, superior audio quality, and built-in control. A better call center experience benefits both teams and customers, ultimately leading to improved business outcomes.

Hear every word

Perfect for busy contact centers, these headsets guarantee clear and distraction-free communication, allowing both parties to hear each other without any difficulty. Thanks to precision positioning and effective noise cancellation.

Featuring

Noise-canceling mic

Experience richer and clearer conversations with our wideband audio and noise-canceling microphone. Say goodbye to listening fatigue as it reduces strain and enhances the overall call quality.

Unique boom design

Conveniently situated microphone arm stays clear of user's peripheral vision while the unique, extendable boom ensures precise positioning and enables optimal noise cancellation.

Sleek design + materials

Enjoy an elegant, satin finish and slim, stylish design that adds a touch of sophistication. Our headsets feature premium nylon composite materials, ensuring an ultralightweight design without compromising on durability.

Expanded compatibility

Walk away from your desk with a click thanks to Poly Quick Disconnect (QD) technology that works with any Poly QD adapter.

Optimized for communications platforms

An IT manager's dream, this headset was created for communication and is optimized and certified to work with top virtual meeting providers.

Acoustic hearing protection

SoundGuard is the acoustic limiting technology that is present in all communications headsets from Poly that protects against Acoustic Shock by limiting sounds to below 118dBA.
