- DivX Plus HD Certified for high-definition DivX playback
- Smart TV to enjoy online services and access multimedia on your TV
- Optional Wi-Fi accessory to wirelessly connect to Internet

- Optional dock for convenient playback from your iPod/iPhone
- EasyLink to control all HDMI CEC devices via a single remote
- Audio-in to enjoy music from iPod/iPhone/MP3 player
- Turn your Smartphone into a remote for Philips AV products

# Designed to enhance your cinema at home

• Modern design to complement your home environment

## **Features**

#### 600 W RMS power

Full HD 3D Blu-ray

Be enthralled by 3D movies in your own living room on a Full HD 3D TV. Active 3D uses the latest generation of fast switching displays for real life depth and realism in full  $1080 \times 1920$  HD resolution. Watching these images through special glasses with right and left lenses that are timed to open and close in synchrony with alternating images creates the full HD 3D viewing experience in your home cinema. Premium 3D movie releases on Blu-ray offer a wide, high-quality selection of content. Blu-ray also delivers uncompressed surround sound for an unbelievably real audio experience.

## Dolby TrueHD and DTS-HD

Dolby TrueHD and DTS-HD Master Audio Essential deliver the finest sound from your Blu-ray Discs. Audio reproduced is virtually indistinguishable from the studio master, so you hear what the creators intended for you to hear. Dolby TrueHD and DTS-HD Master Audio Essential complete your high definition entertainment experience.

#### DivX Plus HD Certified

DivX Plus HD on your Blu-ray player and/or DVD player offers the latest in DivX technology to let you enjoy HD videos and movies from the Internet directly on your Philips HDTV or PC. DivX Plus HD supports the playback of DivX Plus content (H.264 HD video with high-quality AAC audio in an MKV file container) while also supporting previous versions of DivX video up to 1080p. DivX Plus HD for true HD digital video.

Smart TV

Philips home theatre and Blu-ray player with Smart TV offer you an array of enhanced features, including Net TV, SimplyShare and MyRemote. Net TV brings a wide range of online information and entertainment to your TV for

services like video-on-demand. With SimplyShare, you can access photos, music and movies stored on your PC from the comfort of your sofa. You can also use your smartphone/tablet to control your home theatre via the Philips MyRemote app.

#### Optional Wi-Fi accessory

#### Optional dock

Attach this dock to your home theatre system and you can enjoy your music, videos and pictures from your iPod devices and iPhone. Dock is sold as an optional accessory.

## EasyLink

EasyLink lets you control multiple devices like DVD players, Blu-ray players, soundbar speakers, Home theatre systems and TVs etc. with one remote. It uses HDMI CEC industry-standard protocol to share functionality between devices through the HDMI cable. With one touch of a button, you can operate all your connected HDMI CEC-enabled equipment simultaneously. Functions like standby and play can now be carried out with absolute ease.

## Audio in

Audio-in allows you to easily play your music directly from your iPod/iPhone/iPad, MP3 player or laptop via a simple connection to your home cinema. Simply connect your audio device to the Audio-in jack to enjoy your music with the superior sound quality of the Philips home cinema system.

#### Modern design

### Exposed speaker drivers

# Philips MyRemote

Created exclusively by Philips, the Philips MyRemote app lets you use your iPhone, iPod Touch or Android smartphones as a remote to control your Philips networked AV products. The app automatically recognises your Philips Blu-ray player, home theatre or Streamium audio system connected to your home Wi-Fi network, and gives you instant control from anywhere in your

home. It allows you to switch between different Philips AV products and control each one independently.
