

Ortronics  
HDJ series 48 port unloaded angled panel  
Part No. PHAHJU48

These modular panels support rear loading of HDFM adapter panels, HDJ adapters and LMH cassettes. Available in 24, 48 or 72 port, in a black or white finish, and in high or standard density, these panels include a rear cable management bar with straps to support a clean and organized look. The construction of the panel is powder-coated steel and is designed for optimal performance. Customize these panels for each application with support for mixed media applications for copper and fiber, and even add individual 40/100G uplinks.

## Features & Benefits

High density design: Maximizes use of rack/cabinet real estate.

HDJ jacks and adapters mount quick, easily and securely: Speed of install and reliability.

Rear management bar and straps included: Supports good cabling practices.

## Specifications

### General Info
