Galaxy Book4 Pro

Touchscreen

Meet Galaxy Book4 Pro, the new way to PC for your business

From tactical projects to strategic planning to managing your employees, a growing business needs a PC powerful enough to handle it all. Galaxy Book4 Pro offers extraordinary power in the thinnest laptop of our Galaxy Book4 Series and becomes even mightier when connected to other Galaxy devices.

Whether you're leading a videoconference or prepping a presentation, the latest Intel® Core™ Ultra processor and long-lasting battery are ready for multiple tasks. The lightweight design is made to go wherever your business takes you. And the screen is easy to see, even if you're sitting next to a bright window on a sunny day — it features anti-reflective technology and Vision Booster that adjusts color brightness to enhance darker hues.

The go-getters on your team can stay productive on a stunning Dynamic AMOLED 2X display that helps every vibrant detail stand out — and now it's a touchscreen for ease of use. Plus, everyone can feel like they're in the same room on video calls thanks to a studio-worthy mic and quad AKG speakers.

Take your team's productivity to a new level with connectivity that keeps their Galaxy devices synced, from their laptops to their smartphones. Effortlessly share files and call and text¹ right from your laptop, all while knowing your business data is covered by our most advanced security with Secured Core PC and Samsung Knox.

Power and portability to keep your business moving forward — that's Galaxy Book4 Pro.

Power for your most productive days

Seize the workday with a power-packed Intel® processor.

Powerful. Light. Amazingly slim.

Take premium power on the go with an ultralight and amazingly slim laptop.

Plenty of ports

Connect to other devices with a variety of ports.

The ultimate screen experience

Tackle your workday on a spacious 14" or 16" Dynamic AMOLED 2X touchscreen that's bright, crisp and vivid.

Our most advanced Galaxy Book security yet

Have peace of mind while bringing your business ideas to life with our most advanced Galaxy Book security available.
