- Detachable blades for easy cleanup
- Easy cleaning without scrubbing
- Dishwasher-safe parts
- HomeID app for all the inspiration you need

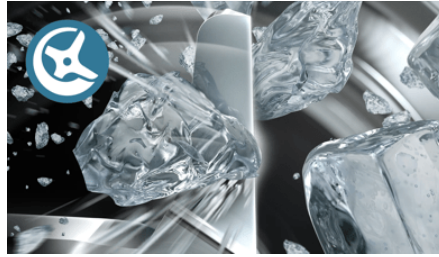

Highlights

1200 W ProBlend Plus motor

50% more power* makes velvety smooth drinks, soups and sauces from even the hardest ingredients, like frozen fruit, ice and nuts.

New ProBlend Plus blades

Extended blades are longer and thicker to crush and blend even the hardest ingredients.

ProBlend Plus ribbed glass jar

Ribs in the glass guide your ingredients into the vortex for optimal circulation and ideal results.

Thick frozen-fruit smoothies

Make velvety smoothies and smoothie bowls from frozen fruit with little or no liquid needed. Use the tamper to push ingredients down and keep them circulating until you reach the perfect consistency.

2 litre capacity

Large 2 litre jar with a 1.5 litre working capacity makes smoothies for the whole family in one healthy, delicious batch.

3 speeds plus Pulse

Choose from three speed settings for hard and soft ingredients. Or use the Pulse feature for extra bursts of power when you need it.

Detachable blades

Separate the blade unit from the blending jar to wash by hand or in the dishwasher.

Easy cleaning

Cleanup is simple with the manual clean setting. Say goodbye to scrubbing!

Dishwasher safe

All detachable parts of your Philips blender are dishwasher safe.

Specifications

General Specification

Primary Material: Plastic
Secondary Material: Metal
Pre-programmed settings: No
Functions: blending
Product Type: Blender
Certifications: NA
Capacity Basket: NA
Capacity Water tank: NA
