BAR303/60

Highlights

Real espresso

Freshly ground beans give you the greatest coffee aroma and taste. Grinding the beans right before brewing turns your daily cup into something special. It's the difference between coffee, and really good coffee.

No hassle

Just swipe the handle. Baristina automatically grinds, tamps and brews your coffee. No need for any barista skills. It's all taken care of, so you can simply sit back and enjoy your espresso or lungo.

No hassle.

Remove the portafilter. Rinse it. That's all. Baristina makes cleanup quick and intuitive. No complicated steps – it's designed for simplicity and ease.

Real espresso

No guesswork, no tweaking, no coffee wasted. Baristina grinds to the ideal size, precisely pressures and doses with accuracy – all the things that make real espresso taste like it should. It really is your little barista at home.

Real espresso

The 16-bar pressure pump releases full-on flavour from your beans for your espresso, creating a rich, creamy crema and a balanced flavour we all love.

Real espresso

Whether you crave an intense espresso or a smooth lungo. Take your pick, make it extra intense if you'd like, and enjoy your delicious coffee tailored to your taste. The choice is always yours!

No hassle

Baristina seamlessly fits on any kitchen counter without sacrificing performance. Don't let the size fool you. It's compact, yet powerful enough to deliver rich, barista-style coffee at home. Kitchen space is no longer an issue!

Sustainability

Fresh beans means more taste. But it also means less waste – no more plastic or aluminium. Simply eject the puck from the portafilter. Your beans turn straight into grounds, perfect for use as compost.

Sustainability

Baristina is designed with sustainability in mind. It's energy efficient*, made from 50% recycled plastic** and comes in a 100% plastic-free box.
