

4-Way Privacy Screen For 13-inch Surface Pro 8/9/X/11 Laptop, Portrait/Landscape Modes, Touch-Enabled, +/- 30 Deg. View, Blocks up to 51% Blue Light, Anti-Glare

Product ID: 13SP-PRIVACY-SCREEN

This Privacy Screen for 13-inch Surface Pro 8, 9, X and 11 models smoothly transitions from a clear view to an obscured screen beyond the intended viewing angle, significantly enhancing visual privacy in office or public environments. The anti-glare matte finish helps to reduce reflections in glare-prone environments and provides additional screen protection with a scratch and fingerprint-resistant coating.

The security filter ensures optimal privacy in portrait or landscape orientations when viewed beyond 30° from the center, covering a total visible area of 60°. It supports touchscreen input and gestures, preserving the interactive experience of an Surface Pro laptop while maintaining the confidentiality of on-screen content.

The screen protector is compatible with the 13" Surface Pro 8, 9, X and 11 models and features a precise fit that does not interfere with the display, camera, or speakers. The included installation kit and step-by-step instructions allow for a one-time application to the computer screen.

This Blue Light Reduction Privacy Shield reduces eye strain and improves visual comfort by blocking 40% - 51% of the blue light emitted from the display (in the 380nm - 480nm wavelength range). Symptoms of digital eye strain, such as headaches, dry eyes, and blurred vision, can be alleviated by using blue-light filtering privacy screens.
