

5-Pack 1U Vertical Cable Management D-Ring Hooks, Cable Manager For 19" Server Racks/Cabinets, Network Rack Wire Organizers, Cable Guide Rings

ID prodotto: CMHOOK1UN5PK

Install this set of five 1U Vertical Cable Management Hooks internally/externally along the posts of a standard 19" 2/4-post server rack, to organize power and network cables.

The cable D-ring organizer features a 0.4in (11mm) opening to effortlessly insert bundled cables. Install multiple cable rings along the rack posts to improve airflow and minimize the port and connector strain.

Combine this cable manager with accessories (sold separately) such as hook and loop ties (HKLP100), plastic ties (CBMZT6BK), or a cable lacing bar (12S-CABLE-LACING-BAR).

This cable guide for racks and cabinets is constructed of steel and is compatible with any rack post that features 1U standard rack spacing. The powder-coated finish ensures durability, and the smooth surface prevents snagging and maintains cable integrity.
