Face

OneBlade

Shave, edge, and trim

For any length of hair

1 x Blade for Face

3 x click-on stubble combs (1, 3, 5mm)

QP1424/70

Shave, edge and trim any length of hair

Designed to cut hair, not skin

The Philips Norelco OneBlade Original Face is a powered hybrid electric razor and styler that can shave, edge, and trim any length of hair. Add OneBlade Original Face to your shaving and grooming routine or use it alone to easily create and look you want.

Easy to use

- Dual-sided blade: designed for precision and control
- Blade that doesn't fade easy
- Charge anytime, anywhere
- Fully waterproof
- Long lasting battery

Comfortable shave

- Unique OneBlade Technology
- Shave it off

Sharp edges

- Edge it up

Even trim

- Trim it down

Highlights

Unique OneBlade Technology

Philips Norelco OneBlade has a revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual protection system - a glide coating combined with rounded tips - makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (6000x per min) so it's efficient - even on longer hairs.

Shave it off (Face)

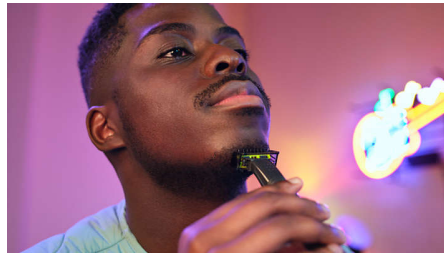

OneBlade doesn't shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and shave off any length of hair easily.

Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

Trim it down (3 combs)

Trim your beard to a precision stubble length with one of the included 3 stubble combs: 1mm for a 5 o'clock, 3mm for a tight trim, and 5mm for a long stubble.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Blade that doesn't fade easy

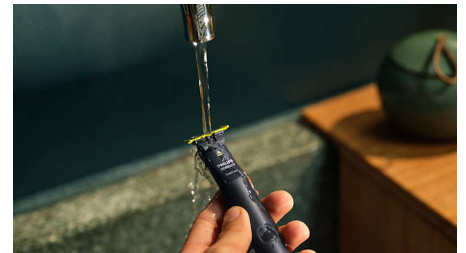

Durable stainless steel blade that lasts up to 4 months of use* to keep that fresh feel. When the replacement indicator - eject icon - will appear on the blade, the blade performance may no longer be optimal. It is time to consider changing the blade for the best shaving experience.

USB-A charging

Can be charged at home or on the road, perfect for your daily routine and for travel.

Wet & dry

OneBlade is fully waterproof (IPX7), so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

Long lasting battery

Rechargeable NimH battery delivers 30 minutes of constant shaving power after an 8 hour charge.
