Delegated Regulation (EU) 65/2014

|                                                           |                    |
|-----------------------------------------------------------|--------------------|
| Supplier name or trademark                                | <b>WHIRLPOOL</b>   |
| Model identifier                                          | <b>OMSR58CU1SX</b> |
| Number of cavities                                        | <b>1</b>           |
| <b>Cavity 1</b>                                           |                    |
| Energy Efficiency Index                                   | <b>81,3</b>        |
| Energy Efficiency Class                                   | <b>A+</b>          |
| Energy consumption per cycle (conventional mode)          | <b>0,89 kWh</b>    |
| Energy consumption per cycle (fan-forced convection mode) | <b>0,69 kWh</b>    |
| Heat source                                               | <b>Electric</b>    |
| Volume                                                    | <b>71 Litres</b>   |
