

V7 30 Device USB-C PD Prewired EU Charge Cart

CHGCT30USBCPD-2E

SKU: CK50887

Want to deploy charge carts to the classroom faster? V7 has you covered. The Pre-Wired USB-C PD Charge Cart is a real time saver. It can secure, store and charge up to 30 Chromebook, laptop, or tablet devices. It supports devices with up to 15.6" screens and has USB-C Power Delivery (PD) up to 65 Watts. From one plug you can charge all devices with an efficient and intelligent charging system. Plus, it protects circuits from overloading. The Charge Cart is pre-wired with USB-C cables and completely assembled from the factory for rapid deployment. It also has individual numbered device slots and built-in cable management. Built for quality and durability from high-grade 18 gauge cold rolled steel. The Cart also has high grade rubber casters for easy mobility around campus. The Cart also features steel doors with a 3-point key lock mechanism and the option to add your own padlock for extra security.

- Comes prewired with USB-C Cables and fully assembled for quick deployment and use
- Numbered shelves and durable device dividers allow you to easily store and remove almost any Chromebook, laptop, or tablet
- Efficient intelligent USB-C Power Delivery charging system for all of your devices from one plug while protecting circuits from overloading
- The built-in power delivery means no messy power supplies to manage and the USB-C Cable management system keeps your cables organized and easy to access
- 4-point key lock mechanism with keys provided and the option to add your own padlock for extra security
- Quiet, easy to maneuver mobility with 5" high-grade rubber wheels (2 with brakes) and recessed push handle
- Easy to service, modular design makes it easy to change out parts if needed

General

Sku: CK50887
