Highlights

Use less. Re-use more.

At Philips, we renew products returned by our customers to give them a second life. With our refurbished products, we always strive for the highest quality and offer you a more sustainable alternative. Your refurbished OneBlade comes with a 2 year warranty.

Trim it down (Face + Body)

Trim your beard to an even length with the included adjustable precision comb. Dial up one of the 14 lock-in length settings to get everything from a 5 o'clock shadow, to a tight trim, to a longer beard style. Trim your body hair in any direction with the click-on body comb (3 mm).

Unique OneBlade technology

Designed for facial styling and body grooming, the Philips OneBlade trims, edges and shaves any length of hair. It delivers an easy and

comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200 x per second, it's efficient even on longer hairs.

Shave it off

The OneBlade shaver doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and shave off any length of hair easily.

Guard

Attach the skin guard for an extra layer of protection on sensitive areas of the body.

Click-on body comb

Simply attach the 3 mm body comb to trim in any direction.

14-length precision comb

A wet and dry shaver that allows you to trim to your preferred hair length with 14 different settings from 0.4 mm to 10 mm.

Edge it up

Get precise lines in seconds with the dual-sided blade that enables you to see every hair you're cutting.

Durable OneBlade

Easily replace your blade once every 4 months* for optimal performance. A green usage indicator will appear once the blade is worn out.
