

ThinkPad T14s Gen 4 (AMD)

Designed for business travelers, this laptop powered by up to AMD Ryzen 7 pro processor lets users debug processes and manage projects effortlessly. AMD Radeon 740M or 780M graphics offer high performance, allowing content creators to work with high-resolution images, videos, and 3D content more smoothly and efficiently. Moreover, with up to 32GB LPDDR5 memory and up to 2TB SSD storage, this laptop easily accommodates large software databases, multimedia files, and work documents.

Built for business with cutting-edge technology

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

Experience superior audio quality with 2W dual Dolby Audio stereo speakers, perfect for conference calls and multimedia presentations. The optional FHD 1080p camera with privacy shutter ensures crisp video quality and security for professionals on the go.

Security features include BIOS security and discrete TPM 2.0 chipset that ensures robust protection for sensitive data, crucial for content creators handling proprietary content.

With the latest AMD processors, ultra-fast SSD storage and modern features, this laptop enables mobile users to work with optimal efficiency.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Return To Depot Repair Warranty

- No-hassle repair process at a Lenovo service center
