## Versatile to meet your ever-changing business needs

Keep up with the varied needs of your business. The small and capable HP Pro SFF 400 features strong security and performance. Scalable architecture and connectivity options make the most of your investment—now and in the future.

# Expansion that extends your investment

The HP Pro SFF 400 has an m.2 slot for WLAN and one for storage, one PCle x16 slot, and one PCle x1 slot.

## **Boost your productivity**

Increase productivity with video ports supporting up to six displays,  $^{3.4}$  while featuring the performance to tackle a range of workflows with up to  $64~\mathrm{GB}^5$  DDR5 memory and optional graphics  $-\mathrm{NVIDIA}^{\$}$  Quadro T400 $^5$  or AMD Radeon $^{\mathtt{M}}$  RX  $6300.^5$ 

## Protected by HP Wolf Security

HP Wolf Security for Business creates a hardware-enforced, always-on, resilient defense. From the BIOS to the browser, above, in, and below the OS, these constantly evolving solutions help protect your PC from modern threats.<sup>6</sup>

\*Product image may differ from actual product

#### Sustainability in action

#### Help protect our shared future

Support a commitment to create and use more sustainable products on the EPEAT® registered HP Pro SFF 400. The high-efficiency power supply, use of ocean-bound plastics in the speaker box and molded pulp packaging help reduce the impact on the environment.

## **Featuring**

#### HP Recommends Windows 11 Pro for Business

Work anywhere without compromising on performance with Windows 11 and HP collaboration, security, and connectivity technology.

#### Latest Intel® multi-core processor

Configure your HP Pro SFF 400's CPU for the perfect combination of power, snappy performance, and value. With the latest Intel® processor and DDR5 memory, handle multiple work tasks smoothly and reliably.<sup>2</sup>

#### Tested for reliability and durability

Undergoes MIL-STD 810 and HP Total Test Process for hardware and systems to help ensure your HP Pro SFF 400 meets or exceeds HP durability standards—helping reduce total cost of ownership. 10,11

#### Powerhouse memory

Experience the speed and performance to run resource-intensive apps with minimal lag with up to 64 GB DDR5 memory options. Prepare for the future and help ensure your system is ready for upcoming software demands with advanced DDR5 technology.<sup>5</sup>

#### A self-healing solution

Firmware attacks can completely devastate your PC. Stay protected with HP Sure Start, the self-healing BIOS that automatically recovers itself from attacks or corruption.<sup>12</sup>

#### Expansive visual workspace

With two standard native video ports and one configurable flex video port, this small form factor PC can support up to six displays—increasing productivity and providing more space for your multi-tasking day. 4.13

#### Multiple USB ports

Connect your accessories and other peripherals to this compact desktop PC. Featuring an amazing number of USB ports fitted into this small form factor, with 4 ports on the front and 5 on the rear. 11

#### Configurable ports

This Pro SFF 400 Desktop comes with a number of useful ports for all your business needs. Choose from a variety of flex port options: dual USB A/USB Type- $C^*$  port with DisplayPort Alt Mode, HDMI, DisplayPort $^m$ , VGA, or serial.

#### Erase your drive

HP Secure Erase removes the contents of a hard drive for repurposing or reassignment. 15

#### **Footnotes**

#### **Messaging Footnotes**

- 2 Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.
- <sup>3</sup> Two standard video ports included with an optional third flex port configurable at the time of purchase
- 4 Support for up to six displays requires NVIDIA\* Quadro T400 graphics card (2 native +1 optional flex IO + 3 on GFX). Support for up to five displays requires AMD Radeon RX 6300 graphics card (2 native +1 optional flex IO + 2 on
- <sup>5</sup> Optional feature that must be configured at the time of purchase.
- 6 HP Wolf Security for Business requires Windows 10 or 11 Pro or higher, includes various HP security features and is available on HP Pro, Elite, Workstation, and RPOS products. See product details for included security features. <sup>7</sup>EPEAT\* registered where applicable. EPEAT\* registration varies by country. See http://www.epeat.net for registration status in your country.
- $^8$  Speaker enclosure component contains 5% ocean bound plastic by weight.  $^9$  Molded Pulp cushions made from 100% recycled wood fiber and organic materials.
- 1 Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality.
- Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See http://www.windows.com.

  10 MIL-STD testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental  $damage\ requires\ an\ optional\ HP\ Accidental\ Damage\ Protection\ Care\ Pack.$
- 11 HP Total Test Process testing is not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack.
  12 HP Sure Start is available on select HP PCs and requires Windows 10 and higher.
- 13 Options available for flex port may be limited. Ports must be configured at the time of purchase.
- <sup>14</sup> Options available for flex port may be limited. Ports must be configured at the time of purchase
- 15 For the methods outlined in the National Institute of Standards and Technology Special Publication 800-88 "Clear" sanitation method. HP Secure Erase does not support platforms with Intel® Optane®.

### **Specification Footnotes**

- 1 Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled, High speed internet and Microsoft account required, ISP fees may apply and additional requirements may apply over time for updates, See http://www.windows.com.
- <sup>2</sup> This system is preinstalled with Windows 10 Pro software and also comes with a license for Windows 11 Pro software and provision for recovery software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.
- <sup>3</sup> For DDR5 Memory: memory modules support data transfer rates up to 5600/MTs requires selected i5, i7 or i9 CPUs. Memory configuration without selected CPUs support data transfer rates up to 4800 MT/s. Actual data rate is determined by the system's configured processor. See processor specifications for supported memory data rate. All memory slots are customer accessible / upgradeable.)
- <sup>4</sup> All memory slots are customer accessible / upgradeable.
- <sup>5</sup> For hard drives and solid state drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 36 GB (for Windows) of system disk is reserved for the system recovery software.
- 6 Sold separately or as an optional feature. With Blue-Ray, certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some Blu-ray titles to play, they may require a DVI or HDMI digital connection and your display may require HDCP support. HD-DVD movies cannot be played on this PC. Don't copy copyright-protected
- <sup>7</sup>HP Manageability Integration Kit can be downloaded from http://www.hp.com/go/clientmanagement.
- 8 HP Smart Support requires HP TechPulse to be installed. For more information about how to enable or to download HP Smart Support, please visit http://www.hp.com/smart-support.
- 9 HP Quick Drop requires Internet access and Windows 10 PC preinstalled with HP QuickDrop app and either an Android device (phone or tablet) running Android 7 or higher with the Android HP QuickDrop app, and /or an iOS device (phone or tablet) running iOS 12 or higher with the iOS HP QuickDrop app.
- <sup>10</sup> HP Support Assistant: Requires Windows and Internet access
- 11 SD 4.0 with 5-in-1 Interface (Supports SD, SDXC, SDHC, UHS-I, UHS-II). Sold separately or as an optional feature.
- 12 Intel® 1225-T1 PCIe® 2.5 GbE: Sold separately or as an optional feature.

- 24 Wireless access point and internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 is backwards compatible with prior 802.11 specs.
- 25 The HP 400 G9 TWR/SFF requires Intel \*\* Core ™ processor with DDR5 memory modules to support Wi-Fi 6E and requires a Wi-Fi 6E router, sold separately, to function in the 6GHz band. Availability of public wireless access points limited. Wi-Fi 6E is backwards compatible with prior 802.11 specs. Available in countries where Wi-Fi 6E is supported. Wi-Fi 6E is backwards compatible with prior 802.11 specs. And available in countries where Wi-Fi 6E is supported. For HP 400 G9 TWR/SFF without Intel \* Core \* processors and DDR5 memory modules, the product does not support Wi-Fi 6E standard and does not operate under 6GHz band. The products are compatible with 6GHz and other routers, sold separately, which have capability to operate in 2.4GHz and 5GHz, in compliance with Wi-Fi 6 and prior 80211 specs. The actual throughput depends on network condition and router configuration. Internet service required and public wireless access points are limited.
- <sup>26</sup> Based on US EPEAT\* registration according to IEEE 1680.1-2018 EPEAT\*. Status varies by country. Visit www.epeat.net for more information.
- 27 Starting from November 1st 2023, all shipments will require Windows to be installed on SSD to provide users a better experience. HDD can only be configured as additional data drives and not the boot drive.
- 29 Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering branding and/or naming is not a measurement of higher performance.
- 31 Intel® Turbo Boost technology requires a PC with a processor with Intel Turbo Boost capability. Intel Turbo Boost performance varies depending on hardware, software and overall system configuration. See www.intel.com/technology/turboboost for more information.
- 32 For full Intel<sup>®</sup> vPro\* functionality, Windows 10 Pro 64 bit, a vPro supported processor, vPro enabled chipset, vPro enabled wired LAN and/or WLAN card and TPM 2.0 are required. Some functionality requires additional 3rd party software in order to run. See http://intel.com/vpro
  33 Some functionality of vPro, such as Intel Active Management Technology and Intel Virtualization technology, requires additional 3rd party software in order to run. Availability of future "virtual appliances" applications for Intel
- vPro technology is dependant on 3rd party software providers. Compatibility with future "virtual appliances" is yet to be determined.
- <sup>35</sup> Flex Port and Add-on Card are optional and must be configured at time of purchase. Max of one Flex Port and one Add-on Card can be configured.
- <sup>36</sup> 256 GB TLC M.2 SSD only available with 12th gen CPUs.
- $^{37}$  T400 2 GB is only avaiable with 12th gen CPUs.
- 38 Optional vPro\* Essentials or vPro\* Enterprise.
- 56 HP Wolf Pro Security Edition (including HP Sure Click Pro and HP Sure Sense Pro) is available preloaded on select SKUs and, depending on the HP product purchased, includes a paid 1-year or 3-year license. The HP Wolf Pro Security Edition software is licensed under the license terms of the HP Wolf Security Software - End-User license Agreement (EULA) that can be found at: https://support.hp.com/us-en/document/ish\_3875769-3873014-16 as that EULA is modified by the following: "7. Term. Unless otherwise terminated earlier pursuant to the terms contained in this EULA, the license for the HP Wolf Pro Security Edition (HP Sure Sense Pro and HP Sure Click Pro) is effective upon activation and will continue for either a twelve (12) month or thirty-six (36) month license term ("Initial Term"). At the end of the Initial Term you may either (a) purchase a renewal license for the HP Wolf Pro Security Edition from HP.com, HP Sales or an HP Channel Partner, or (b) continue using the standard versions of HP Sure Click and HP Sure Sense at no additional cost with no future software updates or HP Support.
