SKU: PBMAXIIT27000K

**Portable Battery Charger multidevices 27000mAh**

### Technical Features:

- Capacity: 27000mAh;
- Soft touch coating;
- 2xUSB-C PD: 100W and 45W
- 2xUSB: 18W
- Output max 100W
- Lcd display shows the residual powerbank charge

### Compatibility:

All Tablets, laptop and Smartphones

### DESCRIPTION:

The MAXI 27000 is the perfect power bank for charging all laptops, tablets and smartphones, delivering up to 100W of power and guaranteeing multiple extra hours of charging (for example +52h extra charge per laptop).

This charger has two USB-C Power Delivery ports of 100W (designed for charging your laptops and tablets) and 45W (ideal for charging your smartphone). The two 18W Quick Charge USB ports are perfect for charging your accessories. It is equipped with an LCD display showing the powerbank's residual charge percentage.

The PowerBank MAXI is the optimal on-the-go charging solution for all your devices even on longer journeys, as it is airport proof.
