Product Description

Professionals today struggle with the physical strain and fatigue caused by prolonged computer use. Traditional mice, with their flat one-size-fits-all design, often force the wrist into an unnatural position, leading to discomfort and hampered productivity.

Organisations are increasingly seeking more sustainable solutions to address their growing environmental, social and governance (ESG) responsibilities.

The Pro Fit™ Ergo MY630 EQ Rechargeable Mouse is a full-size vertical mouse that promotes exceptional ergonomic comfort. Including a minimum of 57% post-consumer recycled content of the total plastic components*, the MY630 empowers professionals to work smarter and more comfortably. *Excludes PCB assembly, rechargeable battery and charging cable

Features

- Full-size vertical design supports all-day comfort and productivity.
- Minimum 57% post-consumer recycled content of the total plastic components. Excludes PCB assembly, rechargeable battery and charging cable
- Connect up to three active devices via Bluetooth® Low Energy (LE) and included 2.4GHz USB-A receiver.
- Up to 4 months of battery life when connected via Bluetooth®****Battery life varies by use case
- Includes 5-button navigation, silent switches and DPI control button.
- Plug & plan or personalise with KensingtonWorks™. *Windows ARM-based computers are currently not supported. Please check back for future updates on compatibility.
- 2.4GHz USB-A receiver provides 128-bit AES government-grade encryption security.
- 3-year limited warranty.
- This product is designed to comfortably fit users with small to average-sized hands.
