Models may vary from the image shown

The original – only smaller: The CHERRY G80-3000S TKL is a classic corded keyboard with a reduced key layout for more desktop space. A classic that meets all today's requirements for a TKL version. The CHERRY MX Gold Crosspoint precision switches, made in Germany with full n-key rollover, anti-ghosting and a WIN key lock give you the CHERRY gaming standard you expect. The RGB versions have impressive integrated RGB illumination in more than 16 million colors. Numerous color routines and illumination modes are simple to use with the freely downloadable software. Use the CHERRY button to quickly access the software. The lasered key caps are completely abrasion-resistant – for the highest demands and heavy-duty gaming. Durable, precise and reliable thanks to the MX switches used in millions of devices. Available in various switching characteristics and colors. Focused on the essentials – focused on what you want!
