

MX 3.0S TKL

TKL – a winner thanks to its innovative aluminum design

Models may vary from the image shown

The CHERRY MX 3.0S TKL is the small version of the high-performance gaming keyboard with a choice of illumination, color and switch options. The stylish extruded aluminum housing integrates the genuine CHERRY MX switches, designed for fast play with all the gaming features you need to win.

The CHERRY MX Gold Crosspoint precision switches, made in Germany with full n-key rollover, anti-ghosting and a WIN key lock give you the CHERRY gaming standard you deserve.

Depending on the model, the keyboard features an adjustable backlight or the impressive RGB illumination in over 16 million colors. Numerous color effects and illumination modes are simple to use with the freely downloadable software. The robust workmanship and technical appearance are reflected in the removable cable with its durable, secure plug connection, the round rubber feet for extra stability and the innovative, completely screwless, design. The completely abrasion-resistant key caps are double-shot in plastic or front-lasered, depending on the model.

Your keyboard – your style – your victory!

HIGHLIGHTS

- Gaming style – a small, corded keyboard in a high-quality extruded aluminum housing
- An intelligent, technical design completely without screws
- CHERRY MX technology – Gold Crosspoint precision switches for all keys “Made in Germany”
