

CHERRY DW 9000 SLIM

Rechargeable designer desktop with many extra features

Models may vary from the image shown

The CHERRY DW 9000 SLIM desktop set stands out due to its innovative functions, excellent workmanship and trendy, flat design.

The mouse and keyboard can be connected using the 2.4 GHz wireless USB receiver included with the set, or by Bluetooth®. You can switch connection types in an instant using a switch on the mouse or keyboard. This allows e.g. a laptop to be operated using Bluetooth®, as well as allowing a PC to be operated using the same desktop by means of a wireless connection with AES encryption. The data are transferred using an AES-128 encryption in both cases.

The CHERRY DW 9000 SLIM set features rechargeable lithium batteries that last for weeks of work. You can then conveniently charge the mouse and keyboard using the micro USB cable included with the set, even while you are working. To ensure that the rechargeable batteries are still charged after a holiday, use a switch to turn off the keyboard and mouse altogether.

The keyboard contains an integrated metal plate, lending it an optimal sturdiness and stability. Should you prefer a steeper angle while typing, you can adjust the keyboard using the 4 rubber feet included with the set. High stability is ensured by the metal plate, which prevents bending and bounding when typing.

The use of high-quality scissor mechanisms with a low key stroke ensures an ideal typing experience.

Status LEDs integrated directly in each key provide information on whether the CAPS LOCK, SCROLL and NUM keys are activated. In addition, these keys flash to warn that the battery charging status is low. The 6 additional keys have proved to be extremely convenient and practical: "Windows lock", "Open browser", "Quieter", "Louder", "Mute" and "Open calculator".

The mouse, which harmonizes with the keyboard perfectly, also boasts a wide range of features. It fits ideally in the user's hand thanks to its rubber-coated side parts and a compact design. The resolution can be set in three stages at the touch of a button: 600, 1000, 1600 dpi. A two-color status LED provides the user with information on the battery status, the charging status, the selected resolution or the connection status at all times. An extra-durable mouse wheel with optical scanning and a magnetic storage feature for the USB receiver are further details that ensure nothing is left to be desired. The mouse is equally suitable for mobile and stationary applications.

FUNCTION AND PERFORMANCE

- Optionally connected using Bluetooth® or a 2.4 GHz wireless unit – both with AES-128 encryption
- Lithium batteries in the mouse and keyboard can be recharged via micro USB
- Status LEDs show low residual battery charge, charging status and mouse resolution
- Additional status LEDs for the CAPS LOCK, NUM and SCROLL keys
- Extra-small nano receiver for wireless operation
- 6 mouse buttons and a scroll wheel
- Precise sensor with three-level adjustable resolution up to 1,600 dpi
- Durable key lettering
- Solid metal plate in the keyboard for maximum stability
- Precise scissor mechanism for an ideal operating feeling
- Rubber feet for individual height adjustment

TECHNICAL DATA

Color:	white/silver
Dimensions product without packaging:	440 mm x 130 mm x 15 mm
Content of master carton (pieces):	10
Weight of master carton incl. content:	11,390 g
Cable-length:	120 cm
Storage temperature:	-20 °C - 60 °C
Working temperature:	0 °C - 40 °C
Product approvals:	<ul style="list-style-type: none"> • CE • FCC • Windows Hardware Compatibility • cURus • BSMI • China RoHS • NCC
System Requirements-Hardware:	<ul style="list-style-type: none"> • Bluetooth 4.0 or higher • USB-A
Operating system:	<ul style="list-style-type: none"> • Windows 7 • Windows 8 • Windows 10 • Windows 11
Scope of delivery:	<ul style="list-style-type: none"> • Manual • Dongle • Mouse • Keyboard • Pouch • USB-A to Micro-USB Cable • 4 self-adhesive rubber feet
Reliability:	MTBF > 80.000 Stunden
Software support:	CHERRY KEYS
USB dongle:	yes
2.4 Ghz wireless connection:	yes
Encryption in wireless mode:	yes
Wireless range (m):	10 m
Connection via Bluetooth:	yes

Encryption in Bluetooth mode:	yes
Bluetooth protocol:	Bluetooth 4.0
Bluetooth range (m):	10 m
Number of batteries:	1
Battery type:	Li-Ion
Battery design:	Special
Battery rechargeable:	yes
Battery replaceable:	no
Battery charging socket:	Micro-USB
Service life per key (in million strokes):	10 mio. actuations
Switching characteristics:	standard
Max. current consumption (mA) of keyboard:	10 mA
Keyboard format:	Full-size (100%)
Integrated metal plate:	yes
N-key rollover:	not specified
Anti-ghosting:	not specified
Key encryption:	AES-128
Internal memory:	no
Key labeling:	Laser etching
Palm rest:	Palm rest not available
USB hub:	no
Number of keys:	104 + 6
Special key functions:	<ul style="list-style-type: none"> • Browser • PC lock • Volume down • Unmute/Mute • Volume up • Calculator
Illumination:	no
Adjustable feet:	yes
Status LEDs:	in keys
Key technology:	Scissor
Keycap material:	ABS
Model number:	JG-90

TECHNICAL DATA (MOUSE)

Color:	white/silver
Dimensions mouse without packaging:	99 mm x 62,5 mm x 33,5 mm
Weight of product:	90 g
Number of keys:	6
Thumb buttons:	yes
Sensor:	PixArt
Max. resolution (dpi):	1.600 dpi
dpi switch:	yes
dpi levels:	3
Illumination:	no
Housing material:	ABS
Switch type:	standard
Mouse cable length (cm):	120 mm
2.4 Ghz wireless connection:	yes
Wireless range (m):	10 m

Encryption in wireless mode: AES-128

Connection via Bluetooth:	yes
Encryption in Bluetooth mode:	AES-128
Bluetooth protocol:	Bluetooth 4.0
Bluetooth range (m):	10 m
Number of batteries in mouse:	1
Battery type:	Li-Ion
Battery design:	Special
Battery rechargeable:	yes
Battery replaceable:	no
Battery charging socket:	Micro-USB
