

MC 8.1

Innovative product design with high-end technology - for outstanding speed and precision gaming.

Models may vary from the image shown

Feel the improvement with the CHERRY MC 8.1 wired mouse. Innovative technology, high-quality materials and a stylish design in eSports quality. The patented upper housing is mounted on a ball bearing to find exactly the right angle for the way you hold your hand. Magnetically attached, narrow or wide side panels adapt the size of mouse just as you like it. Combined with high-quality materials such as anodized aluminum, the mouse fits perfectly in your hand. The flat mouse wheel with its patented tank track design is as ergonomic and pleasant to use as the CHERRY button that opens the software. Using the software you can infinitely adjust the resolution up to 16,000 dpi (Pixart PMW-3389 sensor) and regulate the speed. You can assign the 6 freely programmable buttons and illuminate the mouse any way you like with the complete color spectrum of 16.8 million hues (RGB) and versatile lighting effects.

The XL Teflon glide pads make the robust mouse smooth and fast and ensure constant response times. The mouse comes with a metal case for safe storage and transport. The optics and quality perfectly complement other products from the CHERRY product series 8.

CHERRY MC 8.1 – for outstanding gaming speed and precision!

HIGHLIGHTS

- Fast and precise thanks to the powerful, high-resolution optical Pixart sensor with up to 16,000 DPI – adjustable using the software or a DPI switch on the bottom “Lift cutoff” function of the sensor
- An innovative feature where the upper housing of the mouse is mounted on ball bearing and the angle can be freely adjusted to suit your hand and playing style (patent pending)
- Extra-robust body made of milled, anodized aluminum
- 2 pairs of magnetically fastened ergonomic side panels for right- and left-handers.
- High-tech mouse wheel with tank track design (patent pending) for maximum precision and grip even in hectic situations
- Absolute color spectrum – RGB illumination in 16.8 million colors with numerous effects
- CHERRY key for instant access to the CHERRY utility software to customize mouse settings
- 6 freely assignable keys - Left and right buttons adapt with OMRON switch, 50 mio. times lifecycle, durability
- XL Teflon glide pads for responsive movements and stable mouse guidance
- High quality and durability thanks to first-class materials and surfaces
- Metal case for safe transport and stylish storage
- Two patent-pending technical innovations for maximum precision and individuality to take your skills to the next level.
- Ideal combination with CHERRY Series 8 products

PRODUCT SPECIFICATIONS

Color:	black
Weight of product incl. packaging:	888 g
Dimensions product incl. packaging:	218 mm x 205 mm x 85 mm

Cable-length:	180 cm
Storage temperature:	-20 °C - 60 °C
Working temperature:	5 °C - 50 °C
Product approvals:	• China RoHS • CE • FCC • KCC • Windows Hardware Compatibility
Operating system:	• Windows 7 • Windows 8 • Windows 10 • Windows 11

Scope of delivery:	• Manual • Metal case • Mouse
Reliability:	Über 50 Millionen Klicks
Number of keys:	6
Thumb buttons:	yes
Max. resolution (dpi):	16.000 dpi
dpi switch:	yes
Illumination:	RGB
Software support:	CHERRY Utility Software & Assistant
Model number:	JM-9800
