-------------------------------	---------------------

Whether you're a light tapper or a keyboard masher, the Evocx makes sure no press goes amiss. With 25 key anti-ghosting, it registers up to 25 key presses simultaneously – that's a lot of keys!

#### Eco Evocx

Made from 78% recycled plastics, the Evocx joins our range of greener gaming products, meaning you can game in a way that's good for you and good for the planet too.

#### Light up the night (and day)

Your gaming setup deserves to be just as cool as you, which is why this keyboard comes with extra-cool RGB rainbow wave illumination. With modes including spectrum, wave racing, cycle breathing, and 6 customisable colour zones, it's easy to find a style that best suits you!

#### Soft sounds

We get that you don't always want a loud keyboard, so the Evocx's soft-touch keys offer cushioned and reduced sound for you to game distraction and loud-tap free.

#### Master your media

Play, pause, adjust the volume and more with 12 dedicated media keys that allow you to easily control what you're doing at the touch of a button.

#### One key to rule them all

There's nothing more frustrating than accidentally pressing the Start key right in the middle of a game. With the Evocx's game key, quickly disable this function so you can game worry-free!

#### Just the way you like it

Designed with you in mind, this keyboard's 3-step height adjustable anti-slip rubber feet mean it stays right where you want it to, and at the perfect level for you too.
