HP LaserJet M209d Printer

Super capable. Super compact.

Increase productivity with this high-performance black-and-white printer in an award-winning compact design.[2] Experience the fastest two-sided printing in class[8] plus simplified setup and time-saving features with the HP app.[3]

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds

Built for fast and reliable printing
- Deliver multipage documents in a flash with the fastest two-sided printing in class.[8]
