8U 19" Rack Mount, Security Cover Panel

Secure Your Network Equipment with Our 3U 19" Rack Mount Security Cover
Prevent unauthorized access to your network equipment or servers with our robust 3U 19" hinged rack mount security cover. This solution provides convenient quick access via lock and key, ensuring that only authorized personnel can access your equipment.
Enhanced Airflow and Visibility
Our server rack panel features a vented front design, allowing for improved airflow and providing clear visual access to your equipment. This ensures that your systems remain cool and well-maintained, while also making it easy to monitor and troubleshoot any issues.
Durable Construction and Compliance
Built with SPCC commercial cold-rolled steel, our server rack cage is a sturdy, EIA-310 compliant solution that provides physical security and controlled access to your equipment. You can trust that your systems are protected from unauthorized access and tampering.
Easy Installation and Maintenance
Our fully assembled server cabinet door is designed for hassle-free installation, requiring no removal or powering down of existing equipment. The solution includes mounting hardware and two keys, making it easy to get up and running quickly.

- RAL9005
- Ventilation slots
- Screw mounted

Specifications

Features	**Compatible rack width**	19 "
	Easy mounting	Yes
