

**Code:** BTHEADBMSSOLARK
**SOLAR WIRELESS HEADPHONES**

## TECHNICAL FEATURES:

- Bluetooth Headphones **equipped with solar panels on the earcup** so you can keep your headphones constantly charged thanks to the sun's endless, clean energy and have non-stop music;
- **Dual charging modes:** with USB-C cable or through solar charging for constant battery maintenance;
- **AROUND-EAR** design for immersive sound listening;
- **Adjustable headbands** to easily fit any face shape;
- **Up to 40H of playtime**, for uninterrupted listening of your favourite playlist;
- **Rotatable and swivel** earcups to take them with you wherever you go;
- **Controls on the ear** cup to manage your music and calls and integrated microphone.

**SUNBEAT** is the wireless headphone with **solar panels** on the earcup that convert the sun's clean energy into a battery for the headphones, keeping them constantly powered and having non-stop music!
