

Improve your sitting posture

R-Go Ergonomic Armrest

Enables you to work in an upright position with relaxed shoulders.

Round, symmetrical shapes

These armrests encourage a straight working posture and help to relax the shoulders. Their rounded, symmetrical shape supports the arms close to the body. Whether you use the mouse with your left or right hand, your arms receive optimal support.

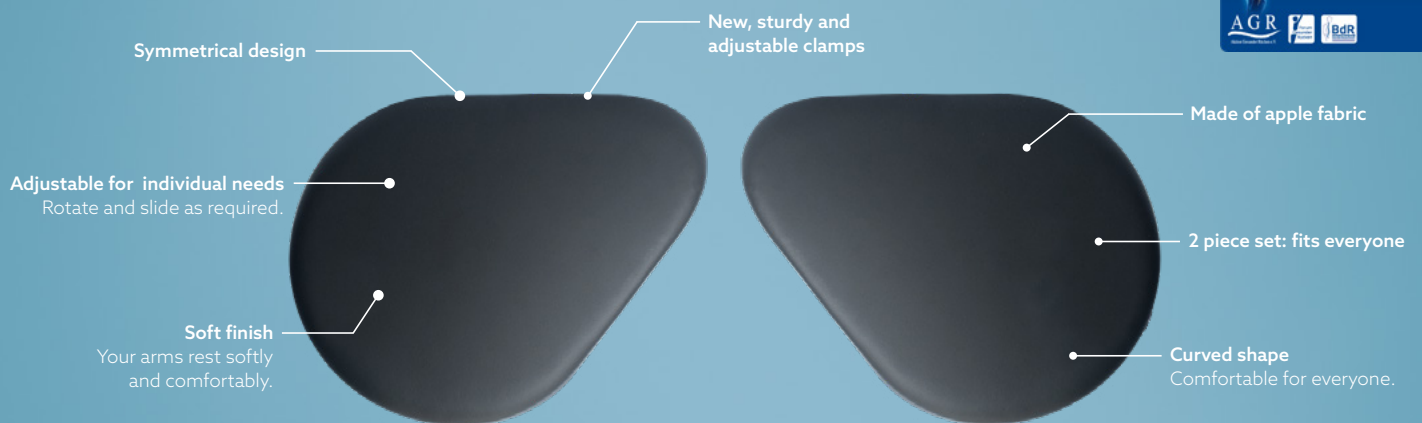

Social product

These armrests are manufactured in collaboration with Networks Romania. By purchasing them, you are helping to create a brighter future for disadvantaged workers.

Made of apple fabric

Soft, animal-friendly biomaterial made from apple waste, which has a lower environmental impact. Your arms rest softly and comfortably on it.

Innovative sustainability

Upholstery made from apple fabric

Our ergonomic armrests are finished with apple fabric: an innovative material made from apple waste. The soft, smooth apple bio fabric is an animal-friendly alternative to traditional leather and has a lower environmental impact. This gives the armrests a comfortable feel with a stylish look.
