## MOUNTING INSTRUCTIONS

1. First hinge the extension plate into the Rack if you want to secure a power supply. Place the power supply on the extension plate and secure with 2 zip ties. Tie down the excess length with a zip tie and guide the cable through the opening at the front to connect it to the appliance.
2. Place the appliance on the Rack, this can be done with the connections facing the front or the back.
3. Turn over the Rack and secure the appliance with the 3 screws supplied.

Please ensure proper ventilation according to the network appliance manufacturer's guidelines.
