## Maximize your investment

The HP Pro Tower 290 helps optimize business resources. Equipped with a powerful Intel® processor², essential tools, and security features for business, this affordably priced and easy to set up PC has a scalable and functional design that can grow with your business.

### Powered-up processing

Keep up with daily tasks with the combined performance of an Intel® Core™ processor², optional AMD, NVIDIA®, or Intel® discrete graphics³, up to 64 GB DDR4 memory³, and slots for future growth.

## **Expansion for the future**

Choose any combination of two HDDs or SSDs.<sup>3</sup> With two bays and two full-height slots, and PCle x16 and PCle x1 slots, you can provide expandability for the future.

Configurable USB ports<sup>3</sup> help ensure broad compatibility with existing technology.

### Help keep data safe

Help protect your investment and your data with firmware TPM, HP DriveLock<sup>4</sup>, and a physical security lock slot.<sup>5</sup> Additional security is provided by an integrated cable lock system to secure your cabled devices.

\*Product image may differ from actual product

#### Sustainability in action

## Help protect our shared future

The outer box of the HP Pro Tower 200 G9 is 92 percent sustainably sourced and recyclable. Molded Pulp cushions made from 100% recycled wood fiber and organic materials.<sup>6</sup>

## **Featuring**

#### HP Recommends Windows 11 Pro for Business

Work anywhere without compromising on performance with Windows 11 and HP collaboration, security, and connectivity technology.<sup>1</sup>

#### Latest Intel® multi-core processor

Configure your HP Pro Tower 200's CPU for the perfect combination of power, snappy performance, and value. With an Intel $^{\circ}$  Core $^{\top}$  processor and up to 64 GB memory, handle multiple work tasks smoothly and reliably. $^{2,3}$ 

#### Hassle-free connectivity

Get fast and easy connections with optional gigabit WLAN featuring Wi-Fi 6 (802.11 ax) protocol and Bluetooth® 5.2 wireless card connectivity.<sup>37</sup>

#### Help secure your drive

Help keep unauthorized users from accessing data on your primary drive. Prevent your primary drive from running without entering a password using HP Drive Lock.<sup>4</sup>

#### Integrated security

Spend less time and get right to the updates you need with HP Support Assistant.9

#### Integrated security

Help secure your PC with a physical security lock slot, an optional intrusion sensor, and an integrated accessory cable lock to secure your cabled mouse and keyboard on the HP Pro Tower  $200^{.5.6}$

#### **Footnotes**

### **Messaging Footnotes**

- <sup>2</sup> Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.
- <sup>3</sup> Optional feature that must be configured at the time of purchase.
- <sup>4</sup> HP Drive Lock is not supported on NVMe drives.
- <sup>5</sup> Solenoid lock and cable required and sold separately.
- <sup>6</sup> 92 percent outer box packaging made from sustainably sourced certified and recycled fibers. Molded Pulp cushions made from 100% recycled wood fiber and organic materials.
- <sup>7</sup> Wireless access point and internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 (802.11 ax) is backwards compatible with prior 802.11 specs. Wi-Fi supporting gigabit data rate is achievable when transferring files between two devices connected to the same router. Requires a wireless router, sold separately, that supports 160MHz changels
- <sup>1</sup>Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See http://www.windows.com.
- <sup>9</sup> Internet access required.

## **Specification Footnotes**

- <sup>1</sup>Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See http://www.windows.com.
- <sup>2</sup> This system is preinstalled with Windows 10 Pro software and also comes with a license for Windows 11 Pro software and provision for recovery software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.
- <sup>3</sup> Intel vPro® requires Windows 10 Pro 64 bit or higher, a vPro supported processor, vPro enabled chipset, vPro enabled wired LAN and/or Wi-Fi 6E WLAN and TPM 2.0. Some functionality requires additional 3rd party software in order to run. Features of vPro® Essentials and Enterprise vary. See http://intel.com/vpro.
- <sup>4</sup> Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.
- <sup>5</sup> Intel® Turbo Boost technology requires a PC with a processor with Intel Turbo Boost capability. Intel Turbo Boost performance varies depending on hardware, software and overall system configuration. See www.intel.com/technology/turboboost for more information.
- <sup>6</sup> Full availability of 4 GB or more of memory requires a 64-bit operating system. With Windows 32-bit operating systems, the amount of usable memory is dependent upon your configuration, so that above 3 GB all memory may not be available due to system resource requirements. Memory modules support data transfer rates up to 3200 MT/s; actual data rate is determined by the system's configured processor. See processor specifications for supported memory data rate.
- <sup>7</sup> For storage drives, GB = 1 billion bytes, TB = 1 trillion bytes, Actual formatted capacity is less, Up to 30 GB (for Windows) of disk is reserved for system recovery software.
- <sup>8</sup> Optical drives are optional or add on features. Duplication of copyrighted material is strictly prohibited. Actual speeds may vary. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives.
- <sup>9</sup> Card sold separately.
- <sup>10</sup> 4 serial port: optional via PCle slot, and only available for specific region.
- 11 HDMI/VGA ports will be covered up when a non-internal graphics processor is configured on shipped machine.
- <sup>12</sup> McAfee LiveSafe™: subscription required.
- 13 Simply sign up and start using Xerox® DocuShare® Go. No credit card. No obligation. Data will become unavailable unless a subscription is entered before the end of the 90 day free trial period. See www.xerox.com/docushareao for details.
- <sup>14</sup> Security cable lock supported (sold separately).
- 15 TPM feature will be supported on machine pre-configured with FreeDOS, and will be default set as enabled in BIOS setup menu if the machine is dTPM, but will be default set as disabled in BIOS setup menu if the machine is fTPM.
- <sup>16</sup> Physical cable lock for cable management.
- <sup>17</sup> All power supplies are not available in every region.
- 18 Based on US EPEAT® registration according to IEEE 1680.1-2018 EPEAT® EPEAT® status varies by country. Visit www.epeat.net for more information.
- <sup>19</sup> Recycled plastic content percentage is based on the definition set in the IEEE 1680.1-2018 standard.
- $^{20}\,\mathrm{Available}$  on select skus only.
- <sup>21</sup> Starting November 1, 2023, HP PCs with Windows require Windows to be installed on SSD. HDD can only be configured as additional data drives and not as the boot drive.
- $^{22}\,\text{NVIDIA}^{\!\circ}\,\text{Quadro}^{\!\circ}\,\text{T400, only available for specific models.}$
