### A stylish and fast drive for every woman

The HX200 is a compact external drive dedicated to the dynamic lifestyles of modern women. Encased in a sleek metal casing, it combines durability with sophisticated design. The drive achieves impressive speeds of up to 1,600 MB/s read and up to 1,500 MB/s write, ensuring performance even in the most demanding situations.

The HX200 is available in capacities of 500 GB, 1,000 GB and 2,000 GB, allowing flexible customisation for each user.

### Modern design

The HX200 is available in two colour variants: timeless black and exclusive rose gold. Latter is sure to attract the attention of users who values aesthetics in addition to functionality. The colour adds elegance to the device and makes the drive not only a tool, but also a fashion accessory. With the HX200, you will express your style even while performing routine tasks in the office and at home. This SSD will fit perfectly into the space of a modern workplace, being not only a quality product, but also a decorative element.

### The drive for active women

The SSD HX200 was created for women who value both functionality and aesthetics. The drive's compact size means that it will fit into the small pocket of any handbag or backpack. The robust, shock-resistant and drop-resistant metal casing ensures the safety of the stored data. This is particularly important when using the drive during outdoor activities.

The drive is compatible with various devices, making it easy to exchange data between the HX200 and computers, smartphones or consoles.

## Versatile external storage

The HX200 is also available in a classic black colour. The elegant design will appeal to users who appreciate minimalism and a timeless look on their devices. Black blends easily with other consumer electronics, making it extremely easy to achieve a consistent and aesthetically pleasing look. The drive will look modern and fashionable for years to come, regardless of changing trends.

## Fast transfers of large files

High read and write speeds allow for lightning-fast transfer of large files, which is crucial for photographers, graphic designers and all women working with large amounts of data. The HX200 is ideal for women in dynamic work environments where response time and speed of access to information can determine the success of a project or task.

## Quality guarantee

When you acquire the HX200 SSD, you get a 3-year warranty (limited by TBW limit) and access to free technical support. Thanks to rigorous quality testing, the HX200 guarantees reliability and data security, which is crucial for both work and everyday use.
