

RICOH Meeting 360

3-in-1 Video Conferencing Camera

RICOH

imagine. change.

Bringing people and ideas together

Experience RICOH Meeting 360 – the intelligent 3-in-1 video conferencing camera designed to keep teams connected and engaged.

Immersive views

Dual high-resolution cameras deliver clear 360° views of your meeting space. All participants are seen in vivid detail for more natural collaboration and engagement.

Active Speaker Focus

Active Speaker Focus automatically detects and displays the active speaker's voice and image, helping remote attendees stay in sync with the conversation.

Enhanced collaborations

Dual-device connectivity expands Meeting 360's coverage for larger spaces – up to 16 participants.

Plug & Play Connectivity

USB-C connectivity simplifies setup, just connect and start collaborating.

Customizable Layouts

Effortlessly switch between screen layouts with the touch of a button for a customized meeting experience, giving remote attendees the perfect view.

Hear every idea, clearly

A 360° microphone array captures voices from up to 20 feet away, while omnidirectional speakers project remote voices clearly—making everyone feel like they're part of the conversation.

Meet on your favorite platforms

Meeting 360 is certified for Zoom® and works seamlessly with most video conferencing platforms including: Microsoft Teams®, Zoom®, Cisco Webex®, Google Meet®, and more.

Model: RICOH Meeting 360 V2

Product Name		RICOH Meeting 360 V2	
Part Number		432688	
Camera	Field of view (FOV)	Horizontal: 360 degrees, Vertical: 45 ± 2 degrees	
	Output resolution^{*1}	1,920 x 1,080, 1,280 x 720	
	Frame rate^{*2}	30 fps, 10 fps	
	Image processing	Auto White Balance, Auto Exposure, Anti-Flicker, LTM (Local Tone Mapping), Dewarping, Stitch, Cropping, Zoom (Scalar)	
Microphone	Method	Three-microphone array	
	Directivity	360°	
	Audio pickup range	19.7 ft (6.0 m) in closed environments	
	Audio processing	Mute, Auto Gain Control, Noise Reduction, Echo Cancellation	
Speaker	Wattage x Number of speakers	8Wx3	
	Directivity	360°	
	Sound Pressure Level (SPL)	Power supply from AC adapter	91 dB(1 m)
		Power supply from PC via USB Type-C cable	81 dB(1 m)
Network^{*3}	Ethernet	10BASE-T, 100BASE-TX, 1000BASE-T	
	Wireless LAN	802.11 a/b/g/n/ac/ax	
Screen layout	Single unit^{*4}	1. 360° panoramic image & Auto-selected speakers image [Default]	
		2. 360° panoramic image & Pin Screen image ^{*5}	
		3. 360° panoramic image & Pin Screen image with Auto-selected speakers image ^{*1}	
		4. 180° panoramic image x 2	
Dimensions (W x D x H)		4.34 x 4.34 x 10.73(inches) / 110.2 x 110.2 x 272.6 (mm)	
Weight		2.49lb / 1.13kg	
Interface	USB Type-C port	2 ports (USB 2.0, USB 3.1, PD 3.0)	
	Ethernet port	RJ-45 x 1 port	
	Kensington security slot	Standard slot (3 mm x 7 mm) x 1 slot	
	USB Power delivery	Power supply from AC adapter	DC20 V / 2.25 A (max), AC100-240 V 50-60 Hz 1.7 A
Power supply from PC via USB Type-C cable		DC5 V / 3 A (max)	
Power consumption^{*10}	Power supply from AC adapter	45W	
	Power supply from PC via USB Type-C cable	15W	
Environmental condition	Temperature	10-32°C	
	Humidity	15-80% (No condensation)	
Operating environment	Supported OS	Windows 11 (64 bit) / macOS 12/mac OS 13/macOS 14	
Supported video conferencing platforms^{*12}		Microsoft Teams ^{*13} / Zoom / Cisco Webex [®] / Google Meet [™]	
In-box contents		Ricoh Meeting 360 V 2, AC adapter 45 W (20 V 2.25 A), AC power plug, USB 3.1/2.0 m/3 A cable (Type-C to C) x 2, Wa rrranty URL, Read This First, Quick Guide	
Recommended usage environment (When using the layout including active speakers' focus images)		Number of users: 1-8 person(s), Range of seated angle: 45 degrees per person Installation position: The main unit must be put within 11.81' (3.6m) away from person(s) speaking.	
Installation	Tripod screw thread	1/4 inch tripod screw hole on the bottom	
Standard Warranty Period		3 Year Advance Exchange	

^{*1} Frame rate is automatically switched depending on the speed of the web conference application in use. ^{*2} With AC adapter: 30fps/With power supply via PC: 10fps ^{*3} Network is used only on the occasion of firmware update. ^{*4} Up to speakers are closed-up and displayed. ^{*5} Pin Screen is set by RICOH Meeting 360 Apps. ^{*6} Network is used only on the occasion of firmware update. ^{*10} In case PC is compatible with USB power delivery (PD) ^{*12} Operation-checked on browser.

Product name	RICOH Meeting 360 Apps for Windows, RICOH Meeting 360 Apps for Mac
Compatible OS	Windows 11 (64bit) / macOS 12/mac OS 13/macOS 14

Points to note for the use of the product

- This product cannot be connected to the network of WPA2™ Enterprise. • Web conference applications that don't support the resolution of 1920 x 1080 pixels are not compatible with this product. • The USB port on this product is USB Type-C. The USB cable supplied with the product is also Type-C at both ends. If using a USB cable of another type for PC connection, please prepare the cable. • When setting up the product, do not place it on an unstable desk or table, but set it horizontally. The product should be placed at least 65 cm away from walls and displays, and no objects should be placed around the product that may interfere with image and sound capturing. • This product should be basically used in conjunction with a Web conferencing system. It is necessary to subscribe to a Web conferencing service that has been verified to work properly. • This product should not be used in a virtual desktop environment such as a thin client or remote desktop. • When this product is connected to a PC, it is recognized as a single network communication path (network adapter). Depending on the computer configuration and onboard software, the network settings may switch automatically.
