

Compact and clear controls for more space for cooking

These touch controls with acoustic feedback are as compact as possible without sacrificing readability, giving you more space to get creative when you're cooking.

Product Benefits & Features

The perfect spot for your oval fish pan

Do justice to your ambitions with seafood. This hob's oval FishZone is perfect for creating a gentle, even heat under your fish pan.

Direct access to all your controls - thanks to the on-hob panel

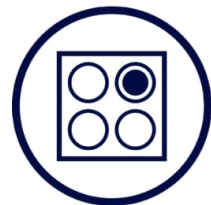

This hob's controls are designed so that you can always access them straight away. Just reach over and make your adjustments.

Remembers where you left off

Whenever you get interrupted, you can put your cooking on hold with the Pause button. It makes sure nothing burns if you're called away from the kitchen and, conveniently, it remembers the different heats under all your pans. So when you're ready, one touch puts you back exactly

Intuitive control over the end of the cooking process

For intuitive control, use the timer. It automatically switches the hob off when the cooking time has finished, while letting you know using its acoustic signal.

Always know exactly which zone is still hot

With this hob, you always know exactly which zones are still hot, thanks to the residual heat indicators, which cleverly reveal where the heat is.

- Bevelled sides for a sleek flush finish in the kitchen
- Auto heat up function
- Residual Heat Indicators
- Child safety control lock
- Ceramic surface - easy to clean
