600 Induction ExtractorHob ComboHob 80 cm

LCC83443

Kitchen planning freedom and flexibility
The 600 Bridge with eXTractor Hob is an induction hob with a powerful built-in extractor for greater kitchen planning freedom. And the Bridge function can combine 2 cooking zones into one large zone for cookware like planchas.

Product Benefits & Features

Merge zones for more room with the Bridge function
The Bridge function lets you combine two separate cooking zones to create a single large surface. With the temperature and time settings automatically aligned, it's ideal for making the most of planchas or roasting pots.

4 Individual Zone Controls for greater command when you cook
Easily command 4 different cooking zones and set separate timers for each with 4 Individual Zone Controls. Each zone has 9 power levels, with other functions including power boost, active touch, child lock and hob2Hood control.

The 2-in-1 Filter for fresher kitchen air
The 2-in-1 Filter includes both a charcoal and grease filter to help keep kitchen air fresh. The removable filter can be easily cleaned in the dishwasher and regenerated in the oven for prolonged use.

The extractor adjusts automatically with auto mode
Keep your mind on your cooking with an extractor that adjusts automatically as you raise or lower the power level. Auto mode extraction technology enables you to focus on your food while your hob and extractor seamlessly work for you.

Clean kitchen air quickly with the Boost function
Simply press the Boost function on the extractor for instant powerful extraction. It's activated for 10 min and efficiently cleans kitchen air from excess fumes and steam.

- Indicator for grease filter saturation
- Indicator for carbon filter saturation
