Security lock with 4-wheel combination for Nano security slot

Protect your electronic device in public places such as in the office, at school or while travelling.

The security lock keeps your device, personal information and data safe from theft. It is easy to install and you can anchor your device securely to your desk, table or any other fixed object.

The security locks comply with existing key slot technologies and methods and work with all tablets, notebooks, desktops, monitors, docking stations or other compatible devices with Nano Slot.

- Ø4.5mm x 180cm
- Cut-resistant 7x7 twisted strand carbon steel with protective cover
- Zinc-alloy lock-head
- Nano Security Slot is used for devices fitted with for 2.5 x 6 mm security slots. This standard is also known as Kensington Nano Slot.
