HP LaserJet MFP M235sdw Printer

Fast, reliable performance. Exceptional value

Increase productivity with this high-performance black-and-white printer in an award-winning compact design. Experience the fastest two-sided printing in class with copying and scanning, reliable Wi-Fi with self-reset, and a 40-page automatic document feeder, plus simplified setup and time-saving features on the HP app.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds
