Wirelessly charge two devices anywhere using the latest Qi2 technology.

Wireless Qi2 iPhone Charging up to 15W

No more waiting around for your devices to charge. Experience the power of Qi2, the latest in wireless charging technology, delivering up to 15W of charging power to fast charge Qi2-enabled devices. Providing optimal energy usage and safeguarding your device's battery life, ensuring you stay powered up and ready for anything.

Charge Two Devices Simultaneously

Say goodbye to cluttered cables and multiple chargers. Stay powered up without the hassle by wirelessly charging both your iPhone (up to 15W) and Apple Watch (up to 5W) at the same time - perfect for users with multiple Apple devices.

Made For Apple Watch

Featuring a dedicated 5W charging pad, specifically engineered for Apple Watch, this charging stand ensures optimal charging performance and security for your smartwatch. Whether you're tracking your fitness goals or keeping up with notifications, your Apple Watch will always be ready to go.

Travel-friendly and Compact Design

Compact, sleek, and lightweight, this charging stand is your perfect travel companion. Whether you're at home, in the office, or on-the-go, its portable design fits effortlessly into your daily routine while also ensuring convenience and functionality on the move.

Built-in Kickstand

Boost your productivity and streamline your workspace with the built-in kickstand. Prop up your iPhone for easy viewing, hands-free use while it charges, or to use StandBy Mode, allowing you to stay connected without interrupting the charging process.

Widely Compatible with Qi Devices

The HyperJuice Qi2 2-in-1 Magnetic Charging Stand isn't just for Apple users. It works with all Qi-compatible devices, including Android smartphones and AirPods, making it a versatile addition to any tech setup.
