

Code: BTMSTWSANCK
SHIELD WIRELESS EARPHONES

TECHNICAL FEATURES:

- **Bluetooth Earphones** for wireless music playback;
- Headset **with in-ear design** for immersive sound;
- **Up to 30H playtime** for uninterrupted listening to your favorite playlist;
- **Active Noise Cancelling:** eliminates unwanted noise from the external environment for clean, clear and noise-free music listening;
- **Transparency Mode:** amplify outside sounds and hear the world around you with just a touch;
- **Auto pairing connection** to easily pair the earbuds with your Bluetooth device;
- **Controls on the earphones** to manage your music and calls;
- Case covered in **soft touch** material.

Activate the power of isolation with **SHIELD** Bluetooth earphones equipped with **Active Noise Cancelling** technology: listen to music like never before, experiencing deep, immersive and distraction-free sound.
