Bendable LC-LC Singlemode fibre cable duplex 3m OS2 LSZH

The Lanview Bendable series is engineered for flexible cable management, able to bend and hold any angle from a straight line to 90 degrees. The boot, shaped around a single stainless-steel wire, is easily adjustable by hand, while the internal wire maintains the set angle or direction.

The design of the boot allows for repositioning at any time or straightening for disconnecting connectors. This adaptability ensures optimal connector placement in challenging conditions, such as tight spaces or high-density environments.

- Designed for Data Centers, Industry and Computer Centers
- LSZH (Low Smoke Zero Halogen) and flame retardant
- Color: Yellow
- Bending radius: 30 mm
- LC/UPC Connector
- Cable Diameter 2.0mm
- Fibre Standard G.652.D
