DESCRIPTION

- Wireless earphones compatible with True Wireless Stereo technology and Bluetooth 5.3.
- Equipped with Active Noise Control (ANC) that captures external noise to actively silence the world around you.
- Automatic connection function to turn on the earphones and sync them when taken out of the case.
- Its charging base has a 300mAh battery, allowing you to fully charge the earphones three times and providing up to 16 hours of autonomy.
- Thanks to touch controls, you can manage all essential functions (Next / Previous / Pause / Play / Volume+ / Volume- / Voice Assistant / Answer and end calls or reject an incoming call) with a simple touch.
- The earphones have a battery capacity of 35mAh, offering 4 hours of autonomy with a single charge (at 70% volume).
- Minimalist and ergonomic design provides a comfortable and secure fit.
- The hands-free function eliminates the need to manipulate the phone.
- With a high-quality microphone and ENC technology for noise suppression, you can have long conversations even in crowded places.
- Charging LEDs indicate whether the earphones are charging or fully charged. Similarly, the charging base indicator LED informs you of the charging status and capacity in 4 levels: 25%-50%-75%-100%.
- Includes ear pads in 3 different sizes (S/M/L) to perfectly fit the shape of your ears.
- Wireless range of 10 meters.
