

ThinkSmart One for ZOOM

ThinkSmart One for Zoom is a 10.1", multi-touch device that brings meeting spaces online with just the tap of a button. Powered by 11th Gen Intel Core i5 processor and Intel Iris Xe Graphics, it comes with Zoom Rooms application preinstalled to enhance productivity and enable in-person and remote participants to interact in real time. The device also features 8GB DDR4-3200 memory, 256 GB M.2 2280 SSD storage and supports 2 external monitors via 2 × HDMI ports.

It is accompanied by a range of multi-media features including, 15W × 2 stereo speakers, 8 microphones for 180° audio capture and an integrated high-resolution camera with privacy shutter to provide the conference room experience you've always wanted.

From Gigabit Ethernet and Intel Wi-Fi 6E to USB-C 3.2 Gen 1 and microphone jack, the device is packed with smart network connectivity ports for wireless content sharing.

The sleek and modern design of the device makes it an ideal choice for meeting rooms of all sizes.

Digitally manage meeting facilities with one device

Combining innovative technology with personalized services, ThinkSmart solutions will improve the way employees work together in today's work-from-anywhere world.
