Extended retailer text	High quality hues
------------------------	-------------------

What does RGBIC technology, 60 LEDs per meter and tried-and-tested Trust expertise get you? The Vybz Neon LED Rope Light, offering high quality and fluent colour distribution to give your room so much cool and colour.

Your room, your rules

Forget boring walls, unleash your creativity with this 5m flexible LED rope. With the ability to sculpt dazzling designs that can range from animals and words to whatever abstract masterpieces you can dream up, find the perfect shape and style to match your vibe!

Take control

Control your Vybz Rope Light with the Trust WiFi app, wireless remote or wall control panel, and you can even hook it up to be voice-controlled to set routines, adjust the brightness and change colour via your favourite virtual assistant - 'Hey Google/Alexa, make my room AWESOME!'

Sync your sounds

Lights, sound, action! Customise the colours, effects, set a timer (via the app), use one of the 44 pre-programmed light modes or create and save your own to make the ultimate ambiance. Did we mention you can even sync the lights to your music with the built-in microphone or the one on your phone? How cool is that!

Illuminate anywhere

Don't call in the builders – this rope light is super easy to install yourself. Complete with included wall clamps, screws and double sided tape, enjoy a quick setup on any wall. Powered by an 24W wall adapter, it brightens up every space making the ordinary extraordinary!
