

Delicious meals cooked up to 40% faster

The 800 CombiQuick® cuts down the time it takes to prepare food. Chicken is for example cooked up to 40% faster in this compact appliance by combining a hot air fan, multifunction oven programme and microwave mode, compared to conventional hot air ovens. Letting you create delicious meals in reduced time.

Product Benefits & Features

Delicious dishes up to 40% faster with CombiQuick®

CombiQuick® lets you cook food up to 40% faster compared to hot air ovens. All without compromising on flavour. Combining normal oven functions with the grill and microwave, you can serve delicious meals no matter how much time you have.

Save time with the Fast Heat Up function

Our Fast Heat Up function makes sure the oven is ready when you are. With a shorter pre-heating time compared to conventional heating, you can turn those spare moments into more memorable meals.

Enjoy the EXPLore LED display with responsive touch buttons

Explore a new way to experience your oven with the EXPLore LED Display and its responsive touch buttons. The vibrant interface gives you quick access and dynamic control of cooking time, temperature, and other features.

Quick and effective, Even Cooking

Our Even Cooking system circulates heat throughout the oven, making sure everything is cooked evenly. All without the need to turn your dish. Our technology means your oven heats up faster saving you time and energy.

Grill for golden results

From crisped bacon to bubbling mozzarella, get more out of your grill than ever before. Perfect for crispy chicken wings and melt in your mouth halloumi.
