• Ewent security locks are made of top quality materials; Fully vinyl-coated galvanized steel cable

DESCRIPTION

Nano Slot Security Cable with security key: This cable has been created for HP laptops with a NANO slot or any other brand that uses this type of security slot. Lock your HP laptop with this security cable to prevent theft. Keep your laptop safe in public places such as the office, library or cafeteria without fear of theft with NANO-type security slots measuring 2.5x6mm. Provides exceptional security for your IT equipment without compromising comfort, offering a reliable and versatile solution that will keep your devices protected in public and professional environments.

RESISTANCE AND SECURITY: This 1.8 meter long, high resistance steel cable is built with a diameter of 4,5mm, thus guaranteeing the greatest resistance to attempts at theft or unauthorized manipulation.

Its locking system using a security lock provides a high level of security along with the high resistance of the steel cable.

COMPATIBILITY: This security cable is compatible with devices that have Kensington-type security slots, making it perfect for laptops, monitors, televisions and other valuable devices that require protection. This security cable is not valid for WEDGE slots, for this you must use our Ewent EW1243 security cable.

HIGH-END DESIGN AND MATERIAL: Ewent security padlocks are made with top quality materials; The galvanized steel cable is fully vinyl-coated, ensuring long-term durability. The elegant dark grey/black color complements the aesthetics of the devices and integrates discreetly into various environments, maintaining professionalism in any context.

EASY AND UNIVERSAL USE: The safety cable can be installed and manipulated without requiring technical skills or advanced knowledge. Its design is fully compatible with all electronic or non-electronic devices that have this type of NANO security slot. Ideal for use with different brands and models of laptops, monitors, televisions, projectors, etc.; The cable is a practical and flexible solution for any type of user.

Guaranteed quality: Ewent offers highly reliable connectivity solutions. All Ewent products comply with international standards and EU legislation offering a 5-year warranty.
