

SpacePole Arc VESA 75/100 Mount with 300mm Elbow Arm - 32

SPV1306-32

When extra reach is required, the elbow arm allows even greater accessibility for the customer or second operator. This allows the customer to view the screen for order confirmation and provides convenient screen positioning for shared use.

The SpacePole Arc can be mounted onto any existing SpacePole Essentials solution.

Suitable for screens ranging from 1 - 12kg

Compatible with VESA 75 and VESA 100 mounting hole patterns
Suitable for common POS screens

Enhances workstation productivity by enabling optimal screen placement within the operator's eyeline

Features a 300mm elbow arm for extended reach, providing easier screen visibility for the customer

5-year warranty

Product Specifications
