EFS-111M

16" Pedestal Telescopic Fan – Superior Airflow at 46dB

EAN 6221127022193

FAN

- Quiet 46 dB operation – Ideal for quiet rooms and nighttime use
- 65 W motor with 3 speed levels – Efficient cooling up to 4 m
- Telescopic height adjustment – Customizable for your comfort
- Oscillates 80–120° and tilts 15–30° – Full directional airflow
- Reinforced, modern build – Durable base with black-red finish
- 5-year manufacturer warranty – Trusted long-term performance

Upgrade your cooling comfort with the Tornado EFS-111M 16" Telescopic Pedestal Fan—built for quiet, effective airflow and everyday reliability.

Equipped with a 65 W motor, this energy-efficient fan circulates air at up to 4 meters while maintaining a low noise level of just 46 dB, making it ideal for bedrooms, studies, or workspaces.

The telescopic stand allows for height adjustment to direct airflow exactly where it's needed. Paired with 3-speed settings, wide 80–120° oscillation, and 15–30° vertical tilt, you get complete airflow control throughout the room.

Its aerodynamic 4-blade design, reinforced base, and sleek black-red styling offer durability with a modern look.

Backed by a 5-year warranty, the EFS-111M provides long-lasting comfort and dependable performance day after day.
