TSF-16W

16" Pedestal Fan - Superior Airflow at 46dB

EAN 6221127018394

FAN

- Quiet 46 dB operation – Enjoy cool comfort without disturbing noise
- 65 W motor with 3-speed settings – Efficient airflow up to 4 m
- 80°–120° horizontal oscillation + 15°–30° tilt – Full directional airflow
- Simple mechanical dial – Easy, reliable operation
- Sleek and sturdy – ABS + metal build with modern black finish
- Backed by a 5-year warranty – Long-lasting performance

Stay cool in comfort with the Tornado TSF-16W 16" Pedestal Fan—designed for quiet, efficient performance in any space. Powered by a 65 W energy-saving motor, this pedestal fan circulates air quietly at just 46 dB, making it ideal for bedrooms, offices, and living rooms. Its 3 adjustable speed settings and wide oscillation (80°–120° horizontal, 15°–30° vertical) offer customizable airflow control. The fan's aerodynamic 4-blade design ensures consistent air movement up to 4 meters away, keeping you cool in style. Constructed with durable ABS and metal components, and finished in clean black, the fan blends seamlessly with modern interiors. Its mechanical control dial allows for easy adjustment, while the compact, height-adjustable stand gives you flexible placement. Backed by a 5-year warranty, the TSF-16W combines quiet operation, performance, and reliability in one sleek cooling solution.
