Rugged Cordless 1D / 2D USB Barcode Scanner that helps you improve Productivity in Retail, Hospitality, Warehousing, and Harsh Environments

The Manhattan Wireless 2D Long Range LED Barcode Scanner is your durable solution for streamlined data entry and enhanced efficiency to help improve routine transactions and automate paper-based processes. Capture barcodes from mobile devices, 1D and 2D Paper barcodes on items for sale, coupons, loyalty cards and more. This scanner is built for such different industries as retail/point-of-sale, healthcare, hospitality, warehousing or logistics.

Wireless Connectivity with Computers and Mobile Devices

For classic, simple USB plug-and-play installation, just connect the nano receiver to a USB-A port on your PC, MacBook, or similar device. Alternatively, pair the scanner directly via Wireless 4.2 with all devices, including your iPad® and Android tablet. The transmission range from your host device to the scanner is up to 100 m (328 ft.) with the included 2.4 GHz RF dongle or up to 50 m (164 ft.) with Wireless 4.2.

Quick and Accurate Reads Every Time

With its wide scan field and scan depth of up to 450 mm (17.7 in.) , it ensures quick and accurate reads every time. Significantly reduce errors and delays for seamless operations in your daily business.

Versatile Compatibility for Many Symbolologies

Equipped with advanced technology, it detects a wide range of popular 1D and 2D symbolologies, including UPC, EAN, QR Code, Data Matrix, PDF417, and many more. Whether it's barcodes or intricate QR codes, it handles it all with precision and speed.

Rugged Design for Harsh Environments

Featuring an IP52-rated housing, our scanner is built to withstand harsh environments with protection against dust and water ingress.

Reliable Performance in Any Lighting Condition

Experience maximum reliability even in the most challenging lighting conditions. With an exceptional ambient light tolerance of 100,000 lux, this scanner delivers reliable readings even in direct sunlight, ensuring uninterrupted workflow.

Enhanced Convenience with our Barcode Scanner Stand

For added convenience, pair our scanner with the Manhattan Barcode Scanner Stand #154192 for hands-free operation, ideal for busy retail environments and automated processes.
