4U Vertical Wall-Mount Bracket For 19Inch Rack Mountable Equipment, 121lb/55kg Capacity, For Patch Panels/Servers/NAS/Networking, Ships Flat-Packed, ISTA-6

Product ID: RK419WALLV-N

The 4U Vertical Wall Mount Bracket provides a convenient and compact solution for mounting 19-inch rack-mountable servers, patch panels, NAS devices, and networking equipment. Ideal for environments where space is at a premium.

This wall-mounted rack ships flat-packed and includes wall mounting screws (wood screws), M5 cage nuts, and M5 screws to speed up deployment. Four keyhole wall mounting holes provide a straightforward way to securely mount or unmount the rack. The package is ISTA-6 certified to ensure damage-free delivery.

The powder-coated finish ensures long-lasting durability, protecting the rack from wear and tear. Constructed from 14-gauge (2mm) cold-rolled steel for durability and strength, providing a stable and secure mounting point for the equipment. This wall-mount rack bracket supports equipment of various depths and has a weight capacity of up to 121.2lb (55 kg).

The compact vertical bracket helps conserve valuable floor space, making it suitable for areas with limited room, like server closets, small offices, and home office (SoHo) environments.

Certifications, Reports and Compatibility

Applications

Features
