The RM-FB-T7 allows you to securely place your Fritz!Box in a 19-inch server cabinet. This rackmount kit ensures your desktop appliance is safely stored for optimal performance of your IT hardware. It's simple, efficient, and affordable.

KEY FEATURES

- Opening for a fiber cable in the front plate
- Push-out for SMA-cables
- Connections are brought to the front
- Strain relief for the power cable

Appliance and fiber cable not included.

Our Rackmount kits are RoHS compliant, developed and manufactured in the Netherlands, made of first quality parts.
