PRODUCT NAME

DEQSTER Stylus Multi-Charger Station.

PRODUCT-HIGHLIGHTS

- * Space-saving design for up to 24 stylus pens at the same time - ideal for schools and offices
- * Compatible with all major brands such as DEQSTER, Apple, Logitech and other stylus pens with USB-C connection
- * Efficient time saving by charging 24 pens at the same time
- * Includes 8 * 1:3 charging cables and a powerful EU, UK & US power supply

PRODUCT DESCRIPTION

The DEQSTER stylus charging station offers an efficient and space-saving way to charge up to 24 stylus pens at the same time. It is compatible with various brands such as DEQSTER, Apple and Logitech and supports all common pens with a USB-C connection. The fixed compartment system ensures that the pens are stored in an orderly and safe manner during charging.

Thanks to the simultaneous charging of 24 pens, time is saved and the effort of charging several individual devices via sockets is reduced. The station contains 8 charging cables in a 3:1 ratio and a powerful power supply. The integrated surge protection ensures additional safety. Ideal for schools, offices and creative work environments that value efficiency and convenience.
