360 D Flexing heads

S7886/55R1

Closer* shave, advanced skin protection with SkinIQ Technology

The Philips Series 7000 glides smoothly over your skin, while cutting each hair close - even on 3 day beards. Equipped with advanced SkinIQ technology, the shaver senses, adapts and guides on the correct motion, for better skin protection.

A close shave

- Flexible heads follow your facial contours
- Engineered for precision and cutting efficiency

A powerful shave

- Powerful performance in every pass

SkinIQ technology

- Reduces friction on skin to minimise irritation
- Adjusts to your beard for effortless shaving
- Enhanced shaving experience with app
- Guides you to an improved technique with fewer passes

For a convenient shave

- Deep cleaning in just 1 minute for hygienic shaving
- Shave wet, dry and even under the shower

Sustainability

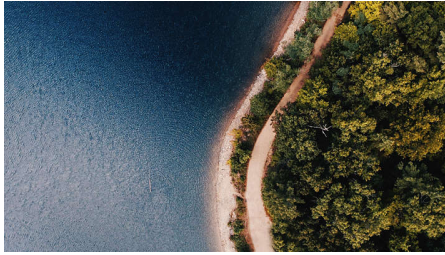

Shaver series 7000

Refurbished Wet & Dry electric shaver

S7886/55R1

Highlights

Use less. Re-use more.

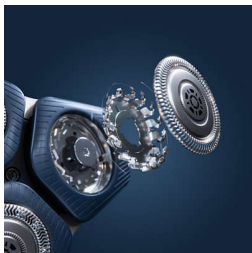

At Philips, we renew products returned by our customers to give them a second life. With our refurbished products we always strive for the highest quality, and we can offer you a more sustainable alternative while saving you money. Your refurbished shaver comes with a 2-year warranty and full customer support.

Nano SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 250.000 micro-tech beads per square centimetre, improves gliding on skin by up to 30%***, to minimise irritation.

SteelPrecision blades

With up to 90,000 cutting actions per minute, the SteelPrecision blades shave 17% closer*, cutting more hair per stroke. The 45 high-performance blades are self-sharpening and made in Europe.

Personalisation via app

Perfect your shave by pairing your shaver with the Philips GroomTribe app. Shave by shave, track the progress of your skin, personalise your shave and master your technique for a shave that's as close as it is kind to skin.

Motion Control sensor

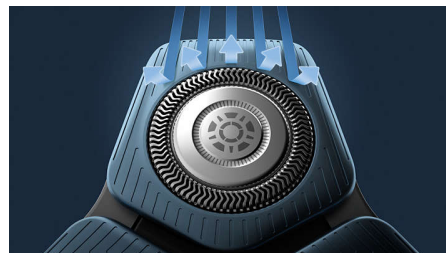

Motion-sensing technology tracks how you shave and guides you to a more efficient technique. After just three shaves, the majority of men achieved a better shaving technique for fewer passes****.

Power Adapt sensor

Dynamically adapts shaving power from the moment the shaver touches your face or head. It reads hair density 250 x per second. Adjusts to your beard for effortless shaving.

Hair-Guide Precision heads

The new shape of the shaving heads is engineered for precision. The surface is enhanced with hair guiding channels, designed to move hair into an effective cutting position.

Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10 x more effective than cleaning with water**. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

Wet & Dry

Adapt your shaving routine to your needs. With Wet and Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

Pop-up trimmer

Complete your look using the shaver's pop-up precision trimmer. Integrated into the shaver's body, it's the perfect way to maintain a moustache and trim sideburns.

USB-A charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimise the number of USB adapters we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support

Shaver series 7000

Refurbished Wet & Dry electric shaver

S7886/55R1

Highlights

360 D Flexing heads

Fully flexible heads turn 360° to follow the contours of your face and head. Experience optimal skin contact for a thorough and comfortable shave.

Sustainable shaving innovation

Our production facility for blades uses 100% renewable electricity, and our packaging is made with recyclable materials. All shavers come with an Eco passport.

Up to 5 years' warranty*****

Our shavers are engineered for excellence and come with up to a 5 year extended warranty when you register your product, so you can enjoy ultimate reliability and performance, shave after shave.
