## Marketing

Extended retailer text	<p>High-precision bluespot sensor for optimal control, switchable DPI and supreme handling these are the features of the GXT 31 gaming mouse.</p> <p>Shape and size</p> <p>The GXT 31 is a well-designed gaming mouse and the perfect addition for modern PC games. His ergonomic shape is ideal for long gaming rounds. Thanks to its design the mouse is suitable for left and right handed gamers. The compact size of the mouse, gives you the upper hand over every opponent wherever you are.</p>
------------------------	---

#### BlueSpot-technology

The GXT gaming mouse has an extremely precise BlueSpot sensor. Whether your gaming on a wooded, granite, carpet , black or white surface: the mouse works on virtually any of them. In addition, the Blue Spot Blue LED mouse is less susceptible to dust or bumps and consumes less energy.

#### Memory

The GXT 31 gaming mouse has an Internal memory for your gaming profiles , which can be changed simply by a one click, even whilst playing. The mouse comes with included free software for programming buttons , speed settings and setting personal game macros.

#### Switchable dpi-setting

The GXT 23 Gaming Mouse offers switchable dpi settings for very high accuracy. As an additional feature , there is a button for profile switching and speed selection ( 400-3200 dpi) which can be used during gaming.
